Jan 23, 2020 pavelkopko A cool password cracker made to spend as little time as possible in the most efficient way possible. A: In the first few seconds I guessed this was a "rollover" question. I started thinking that "cool" was something that should be requested on the question in the sense that "coolest" is a slang for the best or the most important. So I started looking for questions where the OP basically started his activity in a specific timeframe in the past. took me a few seconds to find this one. I found even more using the Google search for "coolest now", so I decided that "coolest" was a more suitable title. Q: How to catch a NoSuchMethodError in Groovy Script So I have the following code in Groovy: public class MyClass { public void myFunc() { System.out.println("Print!"); } } And I have the following Groovy code: def obj = new MyClass() obj.myFunc() The println statement in the body of the function is not executed and it throws the following error: Caught: java.lang.NoSuchMethodError: groovy.lang.GroovyObject.init()V at org.codehaus.groovy.runtime.InvokerHelper.invokeMethod(InvokerHelper.java:102) at org.codehaus.groovy.runtime.callsite.PogoMetaClassSite.callCurrent(PogoMetaClassSite.java:66) at org.codehaus.groovy.runtime.callsite.CallSiteArray.defaultCallCurrent(CallSiteArray.java:56) at org.codehaus.groovy.runtime.c
