Numerous innovations, features and options have been added to the game. The augmented reality functionality within the Forza Race and Free Play modes unlocks the potential of using real-world environments to showcase content and digital players within the real world. Players can now select their preferred Optimal Player Shape. Ultimate Team players can now choose from 8 different player shapes. The FIFA Interactive World Cup is back and better than ever, with a vastly improved tournament mode and live-streaming feature. Fans will be able to follow all the action with new live-streaming functionality, an interactive, news-driven agenda and the return of all-new augmented reality features. The ULTIMATE TEAM experience is enhanced by introducing all-new Ultimate Team Seasons, which will include Seasons Grand Finals. Players will be able to accumulate progression points and earn points towards winning the ULTIMATE TEAM titles. A new PES Pro-Manager mode has been introduced, allowing fans to manage the creation of their own Professional club - from players to transfers. FIFA 22 is now available for Xbox One as well as Xbox 360.Q: Execution failed for task ':app:preDexDebug' When executing gradle assembleDebug the error Execution failed for task ':app:preDexDebug'. com.android.ide.common.process.ProcessException: org.gradle.process.internal.ExecException: Process 'command 'C:\Program Files\Java\jdk1.8.0\_40\bin\java.exe'' finished with non-zero exit value 3 I have no idea of what is happening. Anyone with a similar problem? p.s. the error only occurs when running assembleDebug, if I run assembleRelease it succeeds. Any hints? A: You've probably got a rogue line in your build.gradle file. My gradle just checks for that very error, since it happened to me a while ago: if (System.getenv("ANDROID\_BUILD\_TASK\_LOGS")!= null) { File logsDir = new File(System.getenv("ANDROID\_BUILD\_TASK\_LOGS")) ProcessOutput.failureOutput(logsDir) }

### **Features Key:**

- **Upgraded movements & ball physics** - Now, you can choose between three levels of ball movement and physics control: casual, enhanced or ultimate, meaning that your team can get their shots on target in difficult situations.
- **Bookend Volleys and Throwing** - Borrow some ideas from the pros, like using knock-ins and drag flicks, and throw your opponents off their feet with volleys or rocket volleys that can change the game entirely.
- **Improved AI** - Pro-caliber intelligence in all the big players like Ronaldo, Messi and Neymar, as well as improved tackling, animations, goalkeepers and defenders.
- **Real 22 Player Movements** - Watch 22 licensed players unleash the power of the FIFA ball in the highest fidelity ball physics ever in FIFA on a new generation of consoles.
- **The Best Opponents in the World** - Play against any of your favorite clubs or teams in the most realistic and challenging game in FIFA. From the Premier League, La Liga, Serie A, Eredivisie, FA Cup, US sports leagues, and more.
- **New World Cup Mode** - Take home the hardware as you struggle to find a place in the World Cup competition. Goals, shots and saves matter in World Cup mode!
- **FIFA Ultimate Team** - Pick your favourite club, then build your dream team from more than 500 authentic stars in FIFA ULTIMATE TEAM.
