- The game has been re-engineered from the ground up to create a more fluid and realistic player model, with more natural animations to expand the emotion of on-pitch action. - The Ultimate Team experience has been refined for the next generation, which now features thousands of new players created from real-life data, millions of authentic on-pitch cards and more than 400 new real-life kits and logos. FIFA 22 for PC (Windows 10) will be available for pre-purchase on PC this week. From Friday the 22nd of March at 9am GMT, players will be able to download the game, and pre-purchase and activate it by going to the EA Store. At 12pm on Friday, PC players will be able to begin the pre-purchase process for the Xbox One X Edition of the game, which will include the following exclusive bonus features: The Xbox One X Enhanced Editions of FIFA 22 on PC and Xbox One X will be available to purchase on PC via the EA Store and on Xbox Live, from the same date. "With just one year to go until the launch of FIFA 22, we are extremely proud of what we have achieved with this game," said Alex Coulombe, Creative Director on the FIFA franchise. "In FIFA 22, we have built a truly authentic game that will have a huge impact on players, giving them an authentic experience in a way that they've never seen before." As well as game play improvements, FIFA 22 on PC introduces four all-new modes and a suite of new features: FUT Draft: The all-new FUT Draft mode allows players to build a FUT team from the ground up by drafting a squad of players in real time, using a host of tools to put together a balanced and competitive team. Players are challenged with identifying their strengths and weaknesses on-pitch, and use their selection skills to build a team that will take them far in the FUT World Tour. FUT Draft Basic: The all-new FUT Draft mode comes with a wealth of new features including new player kits, logos, and a host of new features to give FUT Draft a completely new feel. Manager Mode: The all-new Manager Mode enables players to fully utilise the pitch to their full potential by setting up new tactics, reviewing match performance, taking star players off the pitch

FIFA is a series of sports video games published by Electronic Arts. Like most sports games, it lets players take on the role of a fictional footballer in a tournament of real-life teams. The first FIFA game was released in the mid-1980s, and was not released in Japan until 2010, and not in Germany until 2015. Story: What are all these people doing down there? Release date: 27th September Platforms: PlayStation 4, Xbox One Available from: iTunes and Google Play Store. PS4, Xbox One Available from: iTunes and Google Play Store. Download: £59.99 Worth it? Yes, if you're a fan. The addition of women's teams has saved FIFA from the comparison to Grand Theft Auto which has plagued its rival, and it's even got the sound in place for so many things you'd expect you'd have to describe it as the sportiest version of the NFL on Earth. Resolution: 1280x720 Storage: Over 120GB of available space Compatibility: Apple TV, Android TV, Chromecast. Xbox one: Players can use Xbox One and Windows 10 as their gaming console for FIFA What's it good for? Casual fans, for sure. The women's edition allows you to dress up in all manner of ridiculous outfits. You can even join a deck of cards to compete with your mates over who can be the best striker. The fantasy football game (ruled by FIFA Ultimate Team) comes with more than 350,000 pre-recorded player videos which you can use to educate and improve your tactics. All this is wrapped up in the almost impossibly slick presentation for a mobile phone, which I'll go into more detail further down. Who should buy it? If you love shooting people, this is probably the game for you. If you love shooting people, this is probably the game for you. It's a question

What's new in Fifa 22:

- **DID YOU MAKE THOSE 100M PLM?** - In addition to showing the new media packs you can earn from creating a brand-new pro team, we've also made it easier to see exactly what's in your media pack. You'll now also see the value of your team versus your media choices at a glance.
- **FIRM FATE** - You can now tell your FUT team how you want to play by downloading your own "Fate Blueprint" from your favourite team. Each club has one, and it reflects how you want your team to play and behave. Each club is one of 11 different types based on their playing style, and they can have either a defender or a midfielder focus with 17 shapes that allow you to customise your squad further.
- **UNCUT AND UNBOUGHT PACKS** - We've also added some new unsold Ultimate Team Packs, bringing even more value to your squad. However, once a card has been purchased, you can sell it and its exchange rate is based on what you already own.
- **STICKY DEFENCES** - Much improved picking of the ball, and easier touch control has been added to defensive challenges. We've increased visibility around the pitch, tweaked the effect of some challenges, and made both offensive and defensive pressing more intuitive.
- **OVERTOOK** - In Overtook, better visual feedback has been added to clearer transitions, and improvements have been made to enable matches to be played in the full-screen mode.
- **FULL SCREEN**- Addition of PES 2017 Full-screen and many improvements have been made.
- **TEAM TALENT**—Rarity of skill and attribute-specific talents has been increased for every position. Matchmaking features have been improved.
- **NBA LIVE 19 style melee moves**- Players will be able to perform unique low and high attacks using melee as a form of new dribble, technique, and speed tricks.
- **World 6 Broadcast only** - Air strikes will be available for World 6 mode only.
- **Improved Player AI** - In addition to performing smarter
